102.84 Tons of Rock used at a cost of \$2043.79

This requires most Road Crew personnel to do properly as we need traffic control, drivers and backhoe operators.

**Roads Watered:** 62.5 Miles of road

**Paving:** CIVIL Construction has finish at Pohaku

### **Personnel Items:**

A new Non-roads employee has been hired and is doing well. We welcome Zile Wagner back to the HPPOA family

### **Equipment:**

We are awaiting a board vote on the medium sized dump truck. Currently were are using our big dump truck to haul everything in the park. Trash, hot mix, drain rock, etc. The Case Grader has new tires. The Water truck has been in and out of the shop. Exhaust manifold and Air brake chamber has been fixed. The side arm mower is down and in the shop due to a broken hydraulic pump. The side by side is currently down. The transmission, clutch cable, solenoid needs to be fixed, and I have provided the Service estimate in your board packets. Still awaiting the new engine for the old backhoe, but we are able to use it for miscellaneous jobs until then.
