Roads Graded:

Regraded half of Railroad from Kaloli to Paradise before the Roller DEF status light alerted came on. Project paused until a Roller could become available.

Paved Roads serviced:

Asphalt: \$284.30 Kaloli Main drive, 28th Kaloli to Shower, Pohaku Circle

Roads Watered: 8.5 Miles Watered

Equipment:

We have a rental roller that we are now using. Our roller is scheduled for Maintenance and Repairs due to the DEF system. There was hope that we would be purchasing a Water truck from Texas, however, there was too much corrosion in the tank for it to be practical. The search continues along with a side arm mower. I will be traveling to Montana soon to visit family, and while I am there, I have scheduled time to look for those two items as well.

Misc:

The lights for the 4th and 6th Mailbox Sites are complete and are operational. Paving continues for the 14th and Kaloli site. Striping will begin shortly as soon as the weather can cooperate.
