Roads Watered: 52 Miles watered

Misc:

The new sidearm mower should have left the Oakland Port today for Hawaii. With any luck, we will be seeing it on our roads in the coming weeks. The 4-way stop at Maku'u and 1st Ave is ready to be installed. We are just waiting for the weather to cooperate so that we can paint the stop lines. The sign post sleeves have already been installed, so when the weather turns, we can just plant the signs, paint the stop lines and have it up and running. A notification has been on the website for the last few weeks. The asphalt speed humps have been installed at 29th and Kaloli and the State has completed the Speed table at the top of Paradise. The youth football team that the board voted to allow to use the field has had their practices and a football clinic and has expressed their gratitude for allowing them usage of the field. They also ask that if any community service opportunities arise, to please let them know so that they can assist in any way. Hirayama brothers have started with the installation of the solar lights on the 14th site, but is putting a pause on the 16th site until we get the go-ahead from the County. The office is ready for the upcoming invoicing for road fees. And as a reminder, the office will be closed on Thursday the 28th and Friday the 29th of November.
