Misc:

We are now in the middle of receiving payments. It's been a good mixture of on-line payments, mail-in payments, and walk-ins. We have seen an increase in payments coming in. Payments coming in are up almost 20%, compared to the same time last year. Even with the increase in amount of customers paying, the office has been able to post all payments in a timely manner. Thank you to the Board members who volunteered to help during a period of staff shortage.
