Roads Watered: 77.5 Miles of road watered

Misc:

We are currently ramping up to spray another cycle of Calcium Chloride. We should be out in the coming days to get another round on the roads to help with the dust. Most of the supplies for the 4-way stops that the board approved on the Main roads have either been purchased or is on its way. We need to plan a trip to pick up some of the supplies in Kona where they are being delivered to. I am finishing up on the balloting and inserts for the 2025 Board of Directors elections. By next week, we should be close to sending them all out in the mail on-schedule.
