

BOD MPBC Report 4/16/25

Aloha!

The Mail Park Beautification Committee meets once a month. We've organized 'work parties' to focus on cleaning, clearing, and enhancing the mail park locations at 4th and Kaloli, as well as 6th and Maku'u. Both sites are making progress. Soon we hope to start some work at the 14th and Kaloli site to gain site visibility from Kaloli. We'll keep you posted on progress.

We've begun discussions on landscaping and have ideas about using and repurposing found rubbish, like tires, and making fun and colorful things from them. We can save the Association some money too in reduced dumping fees.

Work parties scheduled for the remainder of this month include April 20th at 6th & Maku'u, and April 26th at 4th & Kaloli. We encourage the entire community to join us in making the mail parks a beautiful space for all.

Committee meetings are held monthly on the second Monday at 11:00 am. The next meeting is on May 12, 2025. You can attend in person at the Library or join via Zoom.
